

Why NExT?

1. Complete spectrum of training and competency development

By combining expert-led courses, in-class projects customized for your asset challenges, field and lab courses that provide hands-on learning experiences, industry leading software tools, and one-on-one mentoring, NExT training blends a targeted skills-development program that aligns your team's abilities to your strategic objectives.

2. Education/Training Provider of the Year

NExT won the 2013 Getenergy Education/Training Provider of the Year Award for consistently developing and delivering industry-leading curricula. The 2013 Education/Training Provider of the Year award reinforces NExT as the industry's trusted partner for training and competency development.

3. Global network of Schlumberger training centers

NExT has access to well-equipped, global Schlumberger training centers and technical facilities, where participants gain practical, hands-on experiences.

4. Training on industry-leading software tools and software certification

NExT training on industry-standard Schlumberger software allows maximizing return on software investment by accelerating technology adoption among customers' technical staff.

5. A teaching faculty of more than 1,000 independent instructors

The NExT team of technical and software experts is committed to employing the best instructors, producing materials to the highest standard, and ensuring that curricula evolve to embrace the latest technology advances.

"Lukoil Overseas expresses its gratitude to NExT for the knowledge, skill, and competency assessment of the West Qurna specialists. This project contributed to solving tactical issues the company faced in rotating the personnel and strategic issues preparing training plans aimed at developing our specialists. The project was carried out at a high level and within the shortest time frame."

Inna Gubareva

Acting Head of HR Division &
Organizational Development
